La Salle University Receives Its Largest Alumni Gift, Launches \$25 Million Campaign to Build New Science and Technology Center

La Salle University has launched a \$25 million campaign targeted to build a new science and technology center and increase the endowment for scholarships, aided by the largest alumni gift in its history. J. Hugh Devlin, a 1964 La Salle graduate, has made a \$2.5 million gift to the University's "Shoulder to Shoulder: Securing the Future" fundraising initiative, of which he is Chair.

"I have always admired the Christian Brothers, who founded La Salle, and their commitment to providing a Catholic education to good students of modest means so that they can make their way in the world and also make the world a better place," remarked Devlin, of Fair Haven, N.J. "It is my belief that the values imparted to us by the Christian Brothers—connectedness and giving back—will inspire the alumni community to stand together to advance the mission of La Salle through this important initiative."

Over \$13 million in gifts and pledges have been secured toward the \$25 million goal. Construction on the new science and technology center will follow the completion of a new \$24 million residence and dining facility currently under construction. The new residence halls, which will accommodate 435 students, are scheduled to open in the fall of 2005.

"La Salle is investing for the future, which is also an investment in the city of Philadelphia and the region. A new science and technology center will not only support the University's traditional science, business, and nursing programs, but also strengthen newer programs like Integrated Science, Business, and Technology (ISBT), Digital Arts, and Speech-Language-Hearing Science," said 1971 graduate James J. Lynch, Chair of the La Salle University Board of Trustees and a member of the "Shoulder to Shoulder" Steering Committee.

"Shoulder to shoulder" is the way many great things in this country have been accomplished," continued Lynch. "The theme of this fundraising effort was chosen specifically to reinforce the values at the heart of what will make this campaign a success: hardworking people—working together—to secure the future for La Salle."

"I am very encouraged by alumni support for this initiative. Great universities are great because their alumni make them so, and this campaign will make La Salle even greater," said La Salle President Michael J. McGinniss, F.S.C.

In addition to a new science and technology center, the campaign will also raise funding for the endowment, which is critical to the University's ability to offer a La Salle education to as many qualified students as possible. Today, more than 90 percent of students attend the University with some form of merit- or need-based financial aid.

Since 1997, the University has experienced significant growth in overall enrollment as well as in the number of resident students. Undergraduate full-time enrollment this year is 3,358; graduate enrollment is 1,880; and 983 students are enrolled in the University's Continuing Studies Program. The total of 6,221 students makes this the largest campus-wide enrollment since 1990, the largest undergraduate enrollment since 1992, and the largest graduate enrollment in La Salle history. Overall, campus-wide enrollment has grown 21 percent in the past seven years.

DIVISION OF STUDENT AFFAIRS KING'S DREAM LEADERSHIP PROGRAM 2005

Call for Student Nominations

The Division of Student Affairs and the King's Dream Committee seeks your nominations of emerging students for King's Dream 2005.

Entering its sixth year at La Salle University, the King's Dream Leadership Program is helping give students (leaders, emerging leaders, and at-large students) the necessary tools and skills to explore their awareness of diversity and social action as a way to bring about change. In addition, students will gain the leadership skills necessary to implement the new ideas generated during the day.

The one day event consists of several keynote speakers and break out sessions led by students and staff and faculty. The content of the keynotes and breakout sessions will focus on the above-mentioned issues.

King's Dream Leadership Program will take place on Monday, January 17, 2005.

Nominations:

Please nominate those students who have displayed an interest in leadership, social change, awareness of diversity, or other qualities associated with these themes and the themes commonly associated with Dr. Martin Luther King, Jr. This can include students you have contact with in the classroom, a student organization, or any other setting. This program is also ideal for those students who have much potential in these areas. You may nominate as many students as you like.

How to nominate:

Please email Tony Giammarco, at giammarco@lasalle.edu with the student(s) full name and address, and we will handle the rest. Also, you can mail nominations to Campus Box 819, or fax to 951-5109. Below is a form for your use as well.

Deadline for nominations:

Monday, November 15, 2004

Questions:

Please contact Pete Lafferty, lafferty@lasalle.edu, or 951-1669.

Re: Resident and Community Assistant Selection

The Fall 2004 semester is quickly winding down. For Community Development, this means the start of recruiting efforts for the 2005-2006 Resident and Community Assistant Staff. In our preparations, we are seeking your assistance. In your position, you come in contact with students who have the potential to become tomorrow's student leaders. Through RA and CA positions, we offer an opportunity, which will allow those students to develop that potential.

A Resident Assistant is a paraprofessional staff member of the Division of Student Affairs. It is the responsibility of the RA to supplement and complement the process of formal education by enhancing the quality of life in the residential facilities. Therefore, we are seeking individuals who demonstrate initiative, dependability, and a positive attitude. Ideal candidates are also students who embrace the ideals of community living and have shown the ability to empower others. The positions in our upper-class apartment and townhouse facilities are called Community Assistants. While many of the same characteristics apply for both CA and RA applicants, for CAs we are especially looking for current sophomores or juniors who show the unique balance of being able to relate to and motivate their peers while serving as a positive role model who can hold their peers accountable for their actions.

We would like you to use the form below to recommend possible RA and CA candidates. Please write the names and addresses of these students and return it to Community Development, Union 303, Box 819 or e-mail your nominations to giammarco@lasalle.edu by Monday, November 15, 2004. These nominated students will be given information about the RA and CA positions and application process.

Thank you in advance for your prompt attention to this matter. Your time and energy will benefit us all!!!! If you have any questions about the process or either of the positions, please feel free to contact Myra McPhee, Resident Coordinator at extension 5131.

Procedures for Submitting Items for Inclusion in the Campus News

All information must be submitted electronically as text by selecting a web form located in the **Campus News channel** in the mylasalle portal (located in the **Staff Services Tab**).

- Accompanying graphics may be submitted separately in the following manner:
 - via e-mail to the **campusnews@lasalle.edu**. The article title must be included in the subject line of the e-mail.
 - via 1/4 floppy disk or CD
 - will be limited to one per article, unless a specific need for additional graphics is articulated. (EX: If La Salle and another organization partner for an event, the logos of both La Salle and the partnering organization would certainly be permissible.)
- PLEASE NOTE THE FOLLOWING: Graphics submitted may be resized to fit the document layout. Logos, signatures, and other graphics that are likely to be used frequently can be kept on file for future use. Please add a comment to this effect when you submit your graphic.

If you have any questions or need assistance...

We realize that the community is being asked to work a bit differently in terms of submitting articles to be included in the Campus News.

By supplying standard web forms for your use, we are attempting to create efficient processes that will make it easier for you to submit articles. For example, employment postings will be automatically routed to the appropriate individuals in Human Resources for review prior to being sent to the Campus News.

We very much appreciate your patience and your cooperation with these new procedures.

If you need assistance with submissions, please contact Jim Sell at 215-991-3615 or jsell@lasalle.edu
